6.2 ALEX – SWX Group and Deutsche Börse AG / European exchange for structured products

The joint venture of the SWX Group and Deutsche Börse AG for structured products, which operates in Switzerland under the name "SWX Quotematch AG" and in Germany as "Börse Frankfurt Smart Trading AG", will necessitate the following changes effective **1 July 2007**:

All warrants (security type 22 / M)and **hybrids** (security type 6), which are on EC 4, 349, 351, 352, 380, 504, will be migrated to the **new exchange code 880**. New group codes / listing classifications will be opened and allocated to these instruments.

Further details will follow as soon as consolidated information will be available from SWX and Deutsche Börse.

6.3 MiFID

The "Markets in Financial Instruments Directive" (MiFID - 2004/39/EC) passed by the European Parliament and the European Council on 30 April 2004 will be enacted within the European Economic Area (30 EU Member States plus Iceland, Liechtenstein and Norway) as from 1st November 2007.

The ultimate objective of MiFID is to provide a legal framework that shall support the emergence of a single, transparent financial market within the EU. This shall be accomplished through numerous provisions that can be grouped into four major areas:

- Market efficiency (in terms of competition and transparency in trading)
- Investor protection
- Harmonization of business rules
- Cooperation among regulators

Regulators are still in the process of defining implementation measures. Therefore, please be aware that at the time of writing, we cannot make final statements on the full scope of the requirements, as going forward further requirements may arise.

We will continue to inform you on all progress and potential changes on a regular basis.
